Hi All,

I am not supposed to be working today, but I am having to work a couple hours from home because I had too much to do yesterday. I tried making edits in the document this morning and someone locked it. Thus, I had to make edits on my own file and then enter them into the online version again later. I think all of my edits made it, but they are also in the attached document. I tried to highlight all of my edits in yellow. Please note, that I might have only highlighted the beginning of an edit in yellow.

Have a Happy Fourth,
Jenny

Karen – I'm sending the one drive file that Kim sent for relevant staff to edit. I'm finished with my review, but I think Tom may still be reviewing. You'll likely need to request access from Kim to view the file. Thanks-Jacquie

Sincerely,

Jacqueline Clark
